Parent Concern Form

2018-2019

All Concern forms due to the BES office by May 4th at 3:00 pm. We will not accept any concern forms after this date.

(Please read this form carefully. All forms are confidential and teachers will not see them)

Teachers will soon be making class lists for the 2018-2019 school year. This is a very difficult process because there are so many factors that we must consider in order to have balanced classrooms. We look at student personalities, teacher instructional styles, gender, academic abilities, and positive social relationships. Personnel changes, additional students, or a decline in enrollment over the summer can also impact class lists.

To help us with class lists, we want to consider any concerns you may have with the placement of your student. Specific concerns will be given top priority. Any returned forms with just a teacher request will be placed at the bottom of the pile. Please be cautious in making verbal requests with current teachers or requesting that your child be placed with a friend. Our Teachers will direct you to the office if you have any questions about this process.

Please use separate forms for each student.

We cannot guarantee specific placement for your student. All class lists are carefully reviewed before we publish them. **After the class lists are published, we will not make any changes.**

Thank you for your help with this.

Sincerely,

Mark Burge – Principal

Student Name _____ 2018-2019 Grade _____

Parent Signature _____ Date _____

Required: If you have any specific concerns about your student’s placement, please summarize them below. **Return this form to the office by May 4th at 3:00 pm.** All information will be kept confidential. **** Returned concern forms do not guarantee specific placement.**

BES Teachers 2018-2019

This list is subject to change. If there are any teacher changes, we will still not make any student class changes after the lists are published.
